ROBUST FABRIC

The Classic Collection is woven with tried and tested acrylic fibres. The traditional designs combined with modernized classics and exquisite weaving and material effects are timeless beauties. The great choice of colours and designs and the robustness of the fabric make the collection very popular.

ROBUSTES GEWEBE

Die Classic Kollektion ist aus bewährten Polyacrylfasern gewebt. Die traditionellen Dessins, ergänzt mit modernisierten Klassikern und feinen Web- und Materialeffekten stehen für zeitlose Schönheit. Die große Auswahl an Farben und Dessins und die Robustheit des Gewebes machen die Kollektion sehr beliebt.

Wichtiger Hinweis:

Bitte betrachten Sie den Markisenstoff immer auch im Gegenlicht, am besten im Freien. Halten Sie den Stoff direkt gegen die Sonne, dann erst sehen Sie die eigentliche Wirkung von Struktur und Farbe. Diese können massiv vom liegenden Stoff abweichen.

Important note:

Please also make sure you always view the awning fabric against the light, ideally outside. Hold the fabric directly up to the sun, as only then will you see the true effect of its structure and colour. This can differ significantly from when the fabric is lying flat.

Darstellungen: Fotos und Illustrationen

Die in diesem Ordner dargestellten Fotos und Illustrationen sind zum besseren Verständnis und für eine leichtere Orientierung gedacht. Aufgrund drucktechnischer Einschränkungen können die Abbildungen von Originalen abweichen. Die Skalierungen auf den Fotos dienen nur als Anhaltspunkt. Eine exakte Farbwiedergabe der Muster in gedruckter Form ist nicht möglich. Auch die Aufteilung der Bahnen und deren Rapport werden in diesen Fotos nur beispielhaft dargestellt.

Visualizations: Photos and illustrations

The photos and illustrations contained in this folder are intended to provide better understanding and an improved overview. Due to limitations in printing technology, the illustrations may deviate from the originals. The scaling of the photos is only intended to provide an approximate indication. An exact replication of the colour samples is not possible in printed form. The distribution of the panels and their offsets shown in these photos are only examples.
